10 GOOD REASONS TO CHOOSE PRIORY YOU SHOULD TALK TO US IF...

- 1 IF... your current “Trade-only” supplier also sells direct...
- 2 IF... you feel like you’re just a number to your current supplier...
- 3 IF... you put up with doors that are less than ideal because of the price...
- 4 IF... you are paying too much for your doors...
- 5 IF... your current supplier keeps you waiting for prices...
- 6 IF... your supplier takes longer than 2-3 weeks to deliver your doors...
- 7 IF... your current supplier makes shutters the way that suits them, not you...
- 8 IF... your fitters complain about how much prep they have to do on site...
- 9 IF... your current supplier doesn’t back up their product specification with certification...
- 10 IF... you buy in aluminium shutters...

We’re confident that Priory is the trade supplier you need- we’ve had over 70 years to refine our art!

Your success is our success!

Roller Shutters

PROVEN & DURABLE PERFORMANCE

From large door openings to window protection, Titan industrial roller shutter doors are strong and renowned for reliability – **the workhorse roller shutter!** Steel lath and plenty of options for colour, operation and different applications are the platform for an economical, long lasting shutter solution.

- ✓ Tough & durable
- ✓ Dependable security
- ✓ Manual or powered operation
- ✓ Wicket doors available
- ✓ Fully powder coated
- ✓ Compliant quality
- ✓ Economic door solution
- ✓ Extensive applications

Ganymede

Insulated Roller Shutters

COST-EFFECTIVE & ENERGY EFFICIENT

Cost effective, easy to install and maintain, Ganymede insulated roller shutter doors are an excellent alternative to insulated sectional overhead doors - **a reliable, space-saving alternative!** They provide insulation whilst retaining the standard roller shutter drive system, neatly coiling up above the opening.

- ✓ Thermally efficient
- ✓ Fast to install
- ✓ Easy to repair & maintain
- ✓ Powered operation
- ✓ Choice of standard or vision lath
- ✓ Compliant quality
- ✓ Cost-effective alternative
- ✓ Suitable for most sectors

Callisto

Continental Shutters

DISCREET & EFFECTIVE PROTECTION

Protect vulnerable doors and windows with Callisto continental roller shutters - **the effective and discreet security solution!** The compact size of the shutter box makes it ideal even for domestic settings. When closed, Callisto's extruded aluminium laths provide, not only solid physical security, but a strong visual deterrent against intruders.

- ✓ Strong & secure
- ✓ Corrosion resistant
- ✓ Light & easy to operate
- ✓ Manual or powered operation
- ✓ Suitable for doors & windows
- ✓ Compliant quality
- ✓ Economic security solution
- ✓ Highly versatile

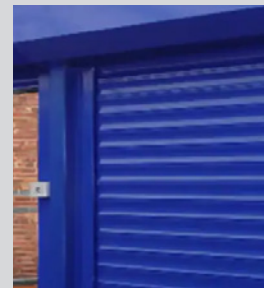

Ultradoor

Roller Shutters

ATTRACTIVE & SECURE

Ideal for shop fronts, retail or any setting where an attractive solution to window and door security is a priority, Ultradoor hybrid roller shutters bring vision, aesthetics and security rolled in to one - **the stylish security solution!** An economical choice, Ultradoor's provide effective door and window security, with an added dash of style.

- ✓ Good looking & strong
- ✓ Galvanised or powder coat finish
- ✓ Attractive slat design
- ✓ Manual or powered operation
- ✓ Choice of perforated, insulated or galvanised lath
- ✓ Compliant quality
- ✓ Cost-effective business security
